

120a solar energy storage cabinet lithium battery energy storage

Overview

Store PV and AV power to provide cost-saving dispatch, reduced contract power, emergency power. Inverter, Charger and Li-ion Battery integrated. The Vertiv™ EnergyCore Li5 and Li7 battery systems deliver high-density, lithium-ion energy storage designed for modern data centers. The all-in-one air-cooled ESS cabinet integrates long-life battery, efficient balancing BMS, high-performance PCS, active safety system, smart distribution and HVAC into one. The 120 kW automatic switching cabinet integrates STS-based control, protection, and monitoring functions to enable safe and automatic grid-connected and off-grid operation. They assure perfect energy management to continue power supply without interruption. With secure compartments and modern design, our cabinets provide a tidy and. AZE's heavy duty outdoor battery enclosures and Lithium battery storage system are available in NEMA 3R, or 4X configurations.
