

After-sales service for three-phase outdoor telecom enclosures used in water plants

Overview

Contact us today to buy or customize an outdoor telecom enclosure right for your needs! Spacious and Modular Design: Our enclosures have adequate space and modular designs to shelter your telecommunication equipment securely. When your network infrastructure demands reliable outdoor protection, American Products delivers weatherproof telecom enclosures engineered for performance and built to last. Since 1989, we've manufactured outdoor telecom cabinets in America's Heartland, providing telecommunications companies. Westell is a collaborative partner in OSP deployment optimization providing customized, fully integrated, vendor neutral outdoor network equipment enclosures. With proven expertise in system integration, Westell also manages the details for design assistance, planning, thermal management. AZE Telecom offers top-quality weatherproof outdoor electrical enclosures and telecom cabinets. Designed to protect your equipment from rain, dust, and extreme temperatures, our waterproof and customizable solutions ensure reliability in any environment. Additionally, we can design and manufacture standard or custom rack configurations based on the items that will be installed the enclosure. They have adjustable rack sizes and spacing, a 3 and 4-point locking system, and solar caps to manage heat loads.
