

Amsterdam battery energy storage equipment manufacturer

Overview

Founded in 2018, GIGA Storage develops and operates large-scale battery energy storage systems that store sustainably generated electricity and deliver it when needed most. This prevents issues such as imbalance, grid congestion, and energy loss. With a worldwide patented design, Elestor introduces a highly scalable product, featuring storage costs per kWh (LCoS) far beyond what is achieved with.

Amstelveen, 20 October 2025 GIGA Storage today officially inaugurates its third large-scale energy storage project. Located in the Westhaven of Amsterdam, the new battery installation—named Giraffe—is the largest in the city, with a power capacity of 10 MW and an energy storage capacity of 47 MWh. This article highlights the top 10 energy storage companies in the Netherlands, with a particular emphasis on the building of critical grid flexibility by prominent developers, aggregators, and asset owners. The list is dynamically updated to reflect the current market momentum and transaction. Together with technology companies, knowledge institutions, grid operators and financiers, we work towards a stable, independent and sustainable energy supply. 5 megawatts (MW) and a storage capacity of 11 megawatt hours (MWh) on the site of its power. In Amsterdam's Westpoort (Western Gateway or Western Port), the Giraffe battery system has officially come online.
