

Data Center Rack for Photovoltaic Power Plants IP54 Member Price

Overview

Available in three models—24U with 3.5kW or 7kW cooling capacity—the SmartCabinet™ ID ensures your equipment is safeguarded from harsh environments with an IP54 rating, protecting against dust and water. Line-Interactive UPS systems provide both battery backup and automatic voltage regulation of AC power (boost/cut) to give a greater amount of power protection than a Stand-By UPS. Built-in HMI display screen for hands-on or remote monitoring and control. The Vertiv™ SmartCabinet ID comes with a 3-year warranty across the entire system. Zero-U cooling design allows for full rack. EcoStruxure Micro Data Centers are complete IT solutions that combine power, cooling, security, and monitoring in a standalone rack system with reliable products from APC by Schneider Electric. Start with a rack and add incompatible products to meet application requirements all within one. Open and enclosed server rack and network rack solutions for a variety of environments including data centers, server rooms, network closets, offices, industrial, and specialty applications. 0 kW of scalable cooling capacity while enabling full rack.
