

Dominic IP54 Outdoor Cabinet High-Efficiency Type

Overview

Scalable from 215kWh to multi-MWh configurations for flexible industrial needs. IP54-rated outdoor cabinet withstands extreme temperatures, dust, and moisture. The IP54 Rating classification defines outdoor enclosures that are protected against limited dust ingress and water splashes from any direction. Enclosures under this rating offer balanced protection suitable for semi-outdoor, sheltered, or mild climate environments, ensuring reliable operation of. These outdoor air cooling enclosures require almost no maintenance and are designed to prevent clogging by solid contaminants that might be found in the environment. LFP batteries with 6,000+ cycles, 95% efficiency, and 10-year lifespan. They're not fully waterproof or dustproof, but they offer enough protection for many common uses—like in factories, outdoor signs, smart homes, and more. For equipment manufacturers and engineers.
