

Exchange on outdoor telecom enclosures for ships

Overview

Need to ship telecom enclosures overseas?

Our guide covers FCL, OOG, breakbulk, packaging & customs. Contact Shipping International UK for expert help. Prior to shipment, gather precise specifications for each telecommunication enclosure. Accurate details are crucial for efficient logistics planning and cost estimation. Precise dimensions: Length, width, and height in metric units. Individual enclosure weight: Essential for determining shipping. Westell is a collaborative partner in OSP deployment optimization providing customized, fully integrated, vendor neutral outdoor network equipment enclosures. With proven expertise in system integration, Westell also manages the details for design assistance, planning, thermal management. When your network infrastructure demands reliable outdoor protection, American Products delivers weatherproof telecom enclosures engineered for performance and built to last. They are the efficient choice for network termination points in FTTH networks, used as fiber terminal enclosures, fiber splice boxes, and fiber distribution. Our UL 50 enclosures feature fully welded construction. 935" wider than our standard OD series and EMKA.
