

## German solar energy storage project

### Overview

Zerbst, Germany / Oslo, Norway, 12 November 2025 – Statkraft, Europe's largest producer of renewable energy, today commissioned Germany's largest solar battery storage hybrid power plant under the Renewable Energy Sources Act (EEG). Germany is about to become home to Europe's largest battery storage system – a massive 1 gigawatt (GW) / 4 gigawatt-hour (GWh) project in Jänschwalde, Brandenburg. LEAG Clean Power GmbH and Fluence Energy GmbH, a subsidiary of US-based Fluence Energy (NASDAQ: FLNC), are teaming up to build the. Eco Stor says construction has begun on a 300 MW/714 MWh battery storage facility in Förderstedt, Saxony-Anhalt, now the largest such project under development in Germany. "With the Zerbst solar park, we have implemented a major energy. TEL AVIV, Israel, Feb. 02, 2026 (GLOBE NEWSWIRE) -- Enlight Renewable Energy (TASE & NASDAQ: ENLT), a leading global renewable energy developer and an independent power producer, has signed an agreement to acquire a stake in Project Jupiter, a large-scale co-located solar and energy storage project. The German solar trade association Bundesverband Solarwirtschaft (BSW-Solar) has called on the federal government to impose a target of 100GWh of cumulative operational battery energy storage systems (BESS) by 2030.

## Article Content

Eco Stor breaks ground on Germany's largest battery storage project

Following its groundbreaking ceremony on Tuesday, Eco Stor's 300 MW / 714 MWh project in Förderstedt, Saxony-Anhalt, has now taken the lead in terms of storage capacity, ...

Enlight acquires stake in solar-plus-storage project in Germany

Enlight Renewable Energy Limited has entered into an agreement to acquire a majority stake in Project Jupiter, a large-scale co-located solar and energy storage project in Germany, in ...

Statkraft commissions Germany's largest solar battery storage hybrid ...

With this project, Saxony-Anhalt is proving that we can implement the energy transition pragmatically and efficiently. The innovative storage technology makes this hybrid power plant an ...

From sun to socket: Octopus Energy supercharges ...

Once up and running, these projects can deliver enough solar energy to power 500,000 German homes – around every household in Frankfurt – and ...

Statkraft commissions Germany's largest solar battery ...

With this project, Saxony-Anhalt is proving that we can implement the energy transition pragmatically and efficiently. The innovative storage ...

BSW-Solar calls for 100GWh of German storage ...

The German solar trade association Bundesverband Solarwirtschaft (BSW-Solar) has called on the federal government to impose a target of ...

Europe's largest battery storage project is being built in ...

Germany is building Europe's largest battery storage project, a 1 GW/4 GWh system by LEAG and Fluence in Jänschwalde.

Enlight Expands Its Energy Storage Footprint in Europe Through ...

Project Jupiter is located in Brandenburg, Germany, and is planned to include up to 150 MWp of solar generation capacity and 2,000 MWh of energy storage capacity.

BSW-Solar calls for 100GWh of German storage deployments by 2030

The German solar trade association Bundesverband Solarwirtschaft (BSW-Solar) has called on the federal government to impose a target of 100GWh of cumulative operational battery ...

e-STORAGE Lands Major 20.7 MW Battery Project in Germany,...

Canadian Solar's e-STORAGE division secured a 20.7 MW / 56 MWh battery energy storage project in Germany with a 20-year service contract, reinforcing the company's long-term ...

Enlight Renewable Energy acquires majority stake in German solar ...

Enlight Renewable Energy is acquiring a majority stake in Germany's Project Jupiter, a large-scale solar and energy storage facility. The project will feature 2,000 MWh of energy storage ...

WBS Power sells German solar-plus-storage project

Developer WBS Power has sold the 150MW solar, 500MW/2,000MWh battery energy storage system (BESS) Project Jupiter in Brandenburg, Germany, to investor Prime Capital.

From sun to socket: Octopus Energy supercharges over 2 GW of German ...

Once up and running, these projects can deliver enough solar energy to power 500,000 German homes – around every household in Frankfurt – and unlock battery storage capacity for an ...
