

How much does a 100kw outdoor telecom cabinet for australian mines cost

Overview

Prices for outdoor telecom cabinets as of 2025 can run anywhere from \$900 to \$5,000, depending on design, materials, and integrated systems. Let's break that down: Why such a wide range?

Because not all cabinets serve the same function. What is an outdoor telecom cabinet?

Before jumping into costs, let's clarify what we are. Telecom cabinets serve as essential enclosures for safeguarding telecommunication equipment from environmental threats like dust and moisture. They can be configured for DC power, UPS, battery, or any other outdoor installation requiring robust protection for electronics equipment. Designed to protect your equipment from rain, dust, and extreme temperatures, our waterproof and customizable solutions ensure reliability in any environment. Combining a consultative approach and engaged support, we guide you through protecting your critical network infrastructure.
