

How much does it cost to install a cabinet in a solar carport

Overview

The basic cost to Install Cabinets is \$274 - \$422 per cabinet in January 2026, but can vary significantly with site conditions and options. Use our free HOMEWYSE CALCULATOR to estimate fair costs for your SPECIFIC project. In 2025, solar carports cost approximately \$3. 56 per watt for traditional rooftop solar systems, making them 24% more expensive but offering dual functionality that combines energy generation with vehicle protection. Below is an overview of the typical price ranges: Tip: Solar carports typically cost 10-20% more than rooftop solar because of extra steel structure and foundation work. Just like with anything else, the bigger it is, the more it's gonna cost. A small solar carport for a single - car driveway will be a whole. The foundational cost of a solar carport is determined by its structural design and the materials selected for the frame. Two common designs exist: the multi-post frame and the cantilever style.
