

Kyiv energy storage project landed

Overview

Ukrainian private utility DTEK has energised the largest battery storage project in the war-torn country and one of the biggest ones in Eastern Europe. DTEK partnered with American energy firm Fluence Energy Inc. The 200 MW/400 MWh installation spans six sites ranging from 20 MW to 50 MW and connected to the power grid in the Kyiv and Dnipropetrovsk regions. IPP DTEK Group and system integrator Fluence have together put a 200MW/400MWh BESS portfolio in Ukraine into commercial operation, a milestone praised by the country's energy minister Svitlana Grinchuk. DTEK Group, in partnership with Fluence, a global market leader delivering intelligent energy storage, has energised Ukraine's largest. DTEK has launched 200 MW of energy storage facilities in partnership with Fluence, a US-based global leader in energy storage. This was reported by DTEK's press service.

Article Content

Ukraine's largest BESS enters operation with a total capacity of 200 MW

Ukrainian energy group DTEK, in partnership with Fluence, a global leader in smart energy storage, has completed the country's largest battery energy storage project to date, with a ...

Power Kyiv | Infrastructure development Ukraine

Our 1 GW project combines gas, solar, and battery storage to secure Kyiv's grid, cut emissions, and support critical services. Explore investment in this high-impact initiative.

Ukraine launched the largest Eastern European energy storage system

DTEK and American Fluence completed the construction of the largest energy storage system (BESS) in Eastern Europe. The project will ensure stable electricity supply to Ukrainians, ...

Ukraine's biggest battery storage project goes online

Completed in only six months, the project was commissioned entirely remotely. Ukrainian private utility DTEK has energised the largest battery storage project in the war-torn country and one ...

DTEK and Fluence energise the largest battery storage facility in ...

Six new battery storage systems of varying capacities – from 20 to 50 MW each – have been connected by DTEK to the power grid in the Kyiv and Dnipropetrovsk regions. Collectively, they ...

DTEK and U.S.-based Fluence Launch Ukraine's Largest 200 MW ...

As part of the project, six facilities ranging from 20 to 50 MW were connected across Kyiv and Dnipropetrovsk regions. Construction took place from March to August 2025 and cost DTEK ...

DTEK Unveils Ukraine's Largest Battery Storage Project

DTEK has energised the largest battery storage project in the war-torn country and one of the biggest ones in Eastern Europe. The 200 MW/400 MWh installation spans six sites ranging ...

DTEK launches Ukraine's largest energy storage facility

The DTEK Group has connected six new energy storage facilities to the Ukrainian power grid, each with a capacity of 20 to 50 MW. The energy storage facilities were installed in the Kyiv and ...

DTEK and Fluence turn on 200MW Ukraine battery storage units

IPP DTEK Group and system integrator Fluence have together put a 200MW/400MWh BESS portfolio in Ukraine into commercial operation, a milestone praised by the country's energy ...

DTEK launches Eastern Europe's largest battery storage system ...

Ukraine's biggest private energy firm, DTEK, has launched a major battery storage facility that will bring power to hundreds of thousands of homes and strengthen the grid ahead of expected ...
