

Middle east energy storage cabinet off-grid manufacturer

Overview

In 2021, MKC Group of Companies signed an agreement on the exclusive distribution of products across MENA (the Middle East and North Africa region) for the preparation of energy storage projects with an engineering company whose team for more than 5 years has been engaged in the. In 2021, MKC Group of Companies signed an agreement on the exclusive distribution of products across MENA (the Middle East and North Africa region) for the preparation of energy storage projects with an engineering company whose team for more than 5 years has been engaged in the. As the Middle East accelerates its adoption of renewable energy and smart power solutions, FFDPOWER is proud to announce that a new batch of our energy storage cabinets is being assembled into containerized energy storage systems (ESS) and prepared for shipment to the region. This milestone. MKC Group of Companies is an official partner in energy storage devices built on CATL battery systems — a world leader in the production of lithium energy sources for electric transport and energy. These cabinets are typically installed outdoors or in dedicated utility spaces and serve as the backbone of home energy.
