

# Off-grid type IP66 battery cabinet for field operations

## Overview

Featuring lithium-ion batteries, integrated thermal management, and smart BMS technology, these cabinets are perfect for grid-tied, off-grid, and microgrid applications. Explore reliable, and IEC-compliant energy storage systems designed for renewable integration, peak. Introducing the Altronix WP2 Outdoor Power Supply and Battery Enclosure, designed to meet the highest standards of durability and functionality. This UL Listed enclosure is NEMA 4/IP66 rated, ensuring it withstands harsh outdoor conditions. This place is called a "battery enclosure", or what is. The OM-AMHD-R Series enclosure is ideally designed to insulate and house off grid heavy duty solar batteries for various telemetry applications in outdoor locations and are especially well suited for corrosive or marine environments. This enclosure comes with a raised cover and two snap latches. The ESS-GRID Cabinet series are outdoor battery cabinets for small-scale commercial and industrial energy storage, with four different capacity options based on different cell compositions, 200kWh, 215kWh, 225kWh, 241kWh, etc. Based on supplier data from Alibaba.
