

Price list for corrosion-resistant outdoor telecom cabinets used on construction sites

Overview

Prices for outdoor telecom cabinets as of 2025 can run anywhere from \$900 to \$5,000, depending on design, materials, and integrated systems. Let's break that down: Why such a wide range?

Because not all cabinets serve the same function. Tower Direct's UsedShelter.com offers a large variety of new & used telecom shelters. Communication equipment shelters are available in various configurations from walk-ins to stand-alones, double-wides, vaults, and co-location. Choose from a wide range of structure sizes, from small-profile 67" x. Since 1989, we've manufactured outdoor telecom cabinets in America's Heartland, providing telecommunications companies, utilities, and network operators with BABA-compliant solutions that protect critical equipment from the harshest environmental conditions. These specialized cabinets house and protect sensitive equipment like routers, switches, and other network devices.
