

Southern European Mobile Outdoor Cabinet

Overview

Ideal for outdoor and washdown applications, the 4X series adds corrosion resistance (via stainless steel or non-metallic materials) on top of NEMA 4-level protection. This makes them perfect for marine, chemical, food processing, and oil & gas industries. E-abel's NEMA 4X electrical enclosures are specially built to withstand both aggressive weather and corrosive atmospheres. Constructed from high-grade stainless steel, these cabinets offer exceptional resistance to rust, corrosion, and the. When picking outdoor cabinets, the material matters for durability. They don't rust, keep water out, and handle sunlight easily. Built to withstand harsh environments and extreme conditions, our enclosures ensure optimal protection and peak performance for your critical equipment. Explore. We provide global sales and technical support and have manufacturing plants in Europe—the Czech Republic—equipped with the latest technologies, and our testing laboratory.
