

Uzbekistan rural off-grid energy storage power station

Overview

Uzbekistan's first energy storage facility, with a 150 MW capacity, will launch in the Fergana region in January 2025, according to the National News Agency (UzA). Construction began in the summer of 2024, featuring a storage system with a distribution unit and 90 battery. Tashkent, Uzbekistan, May 21, 2024 — The World Bank Group, Abu Dhabi Future Energy Company PJSC (Masdar), and the Government of Uzbekistan have signed a financial package to fund a 250-megawatt (MW) solar photovoltaic plant with a 63-MW battery energy storage system (BESS). The project aims to. Uzbekistan has launched its first utility-scale “solar + storage” project — the Nur Bukhara Photovoltaic and Battery Energy Storage Project — in the Bukhara region, developed by Masdar of Abu Dhabi. Imagine trying to complete a jigsaw puzzle where pieces keep changing shape - that's what managing Uzbekistan's energy mix feels.
