

Warranty for Grid-Connected Energy Storage Battery Cabinets for Tunnels

Overview

To mitigate risks, BESS manufacturers may offer warranties for 10 years or more based on performance estimates. This Warranty is non-transferable except where the Products are installed in a building, this Warranty will then transfer to any subsequent purchaser of that building or of the Products so long as the Products remain installed. This Warranty only applies where the Products have been installed by a. Battery energy storage systems (BESSs) enable system operators and utility providers to store energy for later use and perform many functions to make the electrical grid smarter and more resilient. They include the corrective maintenance of your covered items (parts included) as well as follow-up of your needs. The number of charge and discharge cycles a battery can withstand without decreasing efficiency is known as its cycle life. The "Cover Your Assets" Warranty (Literally) ACCURE.
